PLEASE WRITE PLAINLY. Physicians: please write the causes of death clearly and legibly. Use only accepted medical terminology and abbreviations. The cause of death may be entered correctly, but if the underlying cause is not entered in the right line and the right sequence, or if modes of dying, such as heart failure, asphyxia, anemia, or uremia are entered as causes of death without the primary cause, the certificate will be returned for correction, thereby causing unnecessary delay in securing burial permit. Operations should be entered only if performed for the condition causing death. Typhoid fever, tuberculosis, cancer, and any other diseases constituting a public health hazard should be diagnosed as completely as the facts permit. Birth certificates should be filled out before certificates of death are prepared. Please answer all questions. If unknown, write "unknown" or "none" where applicable. Do not use abbreviations or ditto marks. Be sure that the personal particulars and statistical items are entered correctly and that the certificate is signed.
